SIDEOVERSIKT

Velkommen til Barnas Trafikklubb sitt aktivitetshefte!

I dette heftet møter du maskoten Lyset og vennene hans, Hanna og Mikkel. De er ute i trafikken i mange ulike situasjoner. Når dere bruker aktivitetsheftet vil barna på en engasjerende måte få kunnskap om hva som er trygt og farlig i trafikken. Foreldre og barnehageansatte er viktige rollemodeller for barn, og det gjelder også i trafikken. Barn er trafikanter hver dag, enten som passasjer, fotgjenger og etter hvert som syklist. I løpet av årene i barnehagen bør barna ha gjort seg erfaringer om:

- Hva er trygt og hva er farlig?
- Hvordan skal vi gå langs veien?
- Hvordan skal vi krysse veien?

I Rammeplanen for barnehagen står det: «Gjennom arbeid med nærmiljø og samfunn skal barnehagen bidra til at barna utforsker ulike landskap, blir kjent med institusjoner og steder i nærmiljøet og lærer å orientere seg og ferdes trygt.»

Når barnehagen går på tur i trafikken, involverer det alle rammeplanens fagområder. Derfor er kapitlene i heftet delt opp etter fagområdene. Vi anbefaler å arbeide med ett kapittel om gangen, og over tid. Da får barna mulighet til å løse oppgaver og reflektere over de ulike temaene, og tilegne seg kunnskap knyttet til de ulike fagområdene. I tillegg til oppgavene er det lurt å øve med barna ute i nærmiljøet. Praktiske erfaringer og opplevelser fra det å ferdes ute i trafikken gir viktig læring.

Gode vaner i trafikken bør etableres fra barna er små.

Lykke til!

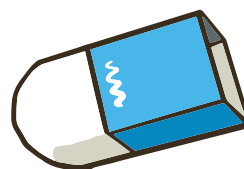

Hilsen Øistein og Barnas Trafikklubb
